

Cushotrac® ULTIMATE™ Track Pad

2000 Hour Wear-Life Warranty

TERMS OF WARRANTY:

For all 2000 Hour Wear-Life Warranty claims, Superior Tire & Rubber Corp. will conduct a full examination of the track pads. If Superior Tire & Rubber Corp's examination shows that a CUSHOTRAC® ULTIMATE™ Track Pad has failed under the terms of this policy, Superior Tire & Rubber Corp. will either repair, replace, or make a reasonable allowance on the purchase of a new pad based on the estimated work-life remaining at Superior Tire & Rubber Corp's sole discretion. Cost of service, transportation, and sales tax will be the responsibility of the claimant. Superior Tire & Rubber Corp. will not warrant track pads that show normal material wear defined as track pad material chunking, chipping, or tearing that does not prevent the function of the product. Superior Tire & Rubber Corp. does not warrant pads that are subjected to misapplication, misuse, neglect, alteration, or damage and are hereby not responsible for personal injury, equipment damage, or property damage associated with misuse of normal operating procedures.

TERMS OF WARRANTY REGISTRATION:

Superior Tire & Rubber corp. warrants that our CUSHOTRAC® ULTIMATE™ Track Pads will offer a minimum of 2000 hours work-life without bond or material failure. Registration must be completed online at www.track-pads.com within 30 days of purchase. Without proper product registration, within the 30 day time period, the 2000 hour warranty is void and normal warranty limits apply. Normal warranty limits are defined under Superior Tire & Rubber Corp.'s "100% Work-Life Guarantee".
