CUSHOTRAC® CLAMP-ON™

The Fastest Solution for Surface Protection in Any Application

- **Eliminate Pad Loosening** – Dual ALS™ mechanism automatically optimizes clamping force from unique clamp design.
- **Ensures 100% work-life with No Bond Failure**
Proprietary Heat Activated Bonding Technology that provides the strongest bond between Poly/Rubber & steel plate, preventing costly premature product failure.
- **Lower Chunking** – Premium high cut & tear resistance polyurethane compound or High Traction – premium high grip rubber compound
