Made in the USA

Cushotrac® Clamp-On™ Track Pads

Let us outfit your crawler crane, excavator, trencher, directional or vertical drill or other steel-tracked construction equipment with a high-quality pad. The versatile Cushotrac® Clamp-On™ is designed to fit steel double or triple bar grouser shoes.

with **ALS™**

Superior's **ALS™ (Active Leveraging System)** forces the dual clamps to continuously tighten, virtually eliminating track pad failure due to mechanical breakdown.

ENGINEERED TO FIT ALL TYPES OF CONSTRUCTION EQUIPMENT

Using two floating clamps, the Cushotrac® Clamp-On™ installs quickly and easily with no drilling (mounting holes through the steel grouser shoe) and requires no additional mounting hardware.

Track Pads Fast!

Guaranteed in Stock... Ready to Ship!

PURCHASE DIRECT FROM THE MANUFACTURER

Superior manufacturers Cushotrac® Clamp-On™ Track Pads for customers who don't want the hassle and long lead times associated with custom made-to-order pads. No need for fitting, the universal Clamp-On™ is engineered to tighten directly to the steel double or triple bar grouser shoe and, best of all, is always in stock, ready for immediate shipment.

The versatile Clamp-On™ pad is interchangeable between equipment with like grouser shoes and is easily removed when surface protection is not necessary.

Compared to other manufacturer's track pads, Superior Clamp-On™ Pads provide longer operational worklife, require less than half the time to mount (reducing installation and downtime expense) and are available at a lower overall purchase price.

**100% Worklife Guaranteed
with No Bond Failures**

Versatile Design - Universal Fit

HUGE Installation Savings

THE BEST IN PADS.

Superior Tire & Rubber Corporation is the country's leading manufacturer of high-quality OEM and after-market, polyurethane and rubber track pads for crawlers, dozers, excavators, milling machines, pavers, trenchers and other specialized track-driven heavy equipment, along with solid rubber stabilizer (outrigger) pads for backhoe loaders.

Superior Cushotrac® Track Pads...

setting the industry standard for quality and durability.
