CUSHOTRAC® CLAMP-ON™

Applications:

Cushotrac® Clamp-On™ track pads are used in various applications when surface protection is required or recommended.

- **Construction**
- **Demolition**
- **Crane Operations**
- **Waste Transfer**
- **Drilling Sites**
- **Trenchers**

- **Eliminate Pad Loosening** – Dual ALS™ mechanism automatically optimizes clamping force from unique clamp design.
- **Ensures 100% work-life with No Bond Failure** proprietary Heat Activated Bonding Technology that provides the strongest bond between Poly/Rubber & steel plate, preventing costly premature product failure.
- **Lower Chunking** – premium high cut & tear resistance polyurethane compound or **High Traction** – premium high grip rubber compound
