PURCHASE DIRECT FROM THE MANUFACTURER

Superior manufacturers Cushotrac® Bolt-On and Clip-On Paver Pads for contractors who want to control traction and provide additional surface protection during asphalt and concrete paving applications.

Compared to OEM-supplied track pads, Cushotrac® polyurethane and rubber paver pads provide longer operational worklife, reduce maintenance and downtime and are available at a lower cost.

Cushotrac® Paver Pads are designed to be installed quickly and easily, mounting directly to the steel track or grouser shoe.

100% Worklife Guaranteed

No Bond Failures

Reduced Maintenance & Downtime

HUGE Savings

**Pads In Stock, Ready for
Immediate Shipment**

THE BEST IN PADS.

Superior Tire & Rubber Corporation is the country's leading manufacturer of high-quality OEM and after-market, polyurethane and rubber track pads and stabilizer (outrigger) pads for crawlers, dozers, excavators, milling machines, pavers, trenchers and other specialized track-driven heavy equipment.

Superior Cushotrac® Track Pads...

setting the industry standard for quality and durability.
