

AgriTraxx[®]

Undercarriage Wheels

Industry's **BEST** and **ONLY**
"No Bond Separation Guarantee*"

- As a supplier to the major OEMs, our polyurethane mid-rollers meet or exceed OE specifications.
- Originally developed closely with tractor/track designers to minimize damage & tearing on rubber tracks & guide blocks.
- Proven to significantly extend both midroller & track life by most demanding agricultural professionals.
- New inventory available for immediate use through our after market distributors.

SUPERIOR
TIRE & RUBBER CORP. 
ENGINEERING REVOLUTION™

1.800.289.1456 | www.SuperiorTire.com

Exceeds OEM Rubber Work-Life

With the industry's #1 aftermarket provider of new and reconditioned mid-rollers, idlers, & drive wheels for rubber tracked tractors.

No Bond Separation Guaranteed*

Proprietary bonding technology that resists heat and shear force to prevent debonding.

Longest Wear-life

Polyurethane compound engineered to generate less heat, reduce chunking, and provide the highest cut & tear resistance.

Resist the Elements

Unlike rubber, AgriTraxx® Midrollers polyurethane is resistant to oils, UV, weak acids, diesel fuel, moisture and more.

Extend Rubber Track Life

Lower operating temperatures reduce rubber track deterioration. Tough polyurethane will not capture debris and score the track.

OUR WHEELS RUN
AN AVERAGE OF

40%
COOLER
THAN OEM RUBBER

**NO BOND
SEPARATION
GUARANTEE**

No Bond Separation Guarantee*

AgriTraxx® Midrollers Polyurethane wheels are backed by the industry's only No Bond Separation Guarantee*.

*Refer to terms and conditions at www.SuperiorTire.com

Site Proven Performance

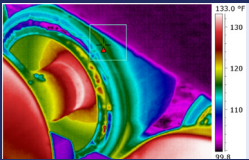

Tested on the same tractor, pulling dual pan scrapers

| AgriTraxx® Midrollers

At 2989 hours of pan scraping:

- Lots of tread remaining
- No visible track damage

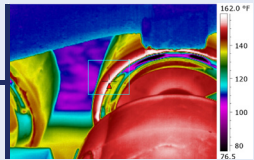

Thermal Reading: **Max 117°F**
Well below safe operating temperatures.

| OE Rubber Midrollers

At 347 hours of pan scraping:

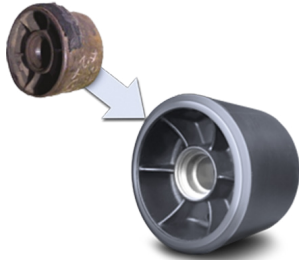

- Totally worn, need replaced
- Uneven wear, peeling
- Visible track damage

Thermal Reading: **Max 161°F**
Borderline rubber and bond material failure.

Core Exchange Program

For our customers that need new wheels now, we offer our **Core Exchange Program** which allows our customers to send in their worn midroller cores through our after market distributors and immediately receive new cores without the hassle of waiting for your old cores to be refurbished and retreaded.

Core Exchange Program For:

Accepting cores for the following makes

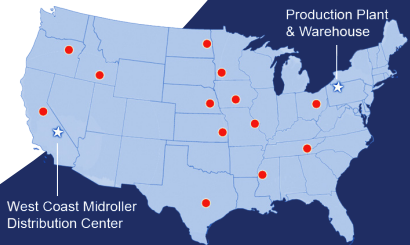

• AGCO® • Case® • John Deere® • Versatile®

**All manufacturers' names, numbers, symbols and descriptions are for reference only.
It is not implied that any part is the product of the manufacturer.
