

# SUPERIOR CRADLE ROLLERS

*Fully Assembled, Slide-On Ready*

- **Proprietary Polyurethane compound for durability and coating protection**
- **Fastest & easiest installation - No axle assembly required**
- **3 Optimal sizes to fit all pipe sizes**
- **In Stock, ready for immediate shipping**

# SUPERIOR CRADLE ROLLERS

**American Made Cradle Rollers backed by over 55 Years of Experience**

**Proprietary Poly** – One of the most dependable, longest produced polyurethane compounds ever made.

**Ensures 100% work-life** - Proprietary Heat Activated Bonding Technology that provides the strongest bond between the polyurethane & steel hub, preventing costly product failures.

**Fully Assembled** – Produced and assembled direct from the manufacturer with premium grade bearings & axle components.

**3 Roller Sizes to Fit Most Pipe Diameters**

**Small - 3.25" OD**

**Part#:** 10CR02

**Pipe Sizes:** 6" - 18" Diameter

**Weight Capacity:** 10 Tons

**Medium - 5" OD**

**Part#:** 10CR03

**Pipe Sizes:** 18" - 36" Diameter

**Weight Capacity:** 25 Tons

**Large - 9.5" OD**

**Part#:** 10CR04

**Pipe Sizes:** 36" - 60" Diameter

**Weight Capacity:** 50 Tons

## History

Superior Tire & Rubber Corp. has been a leading manufacturer in the construction industry for over 5 decades. Our proprietary polyurethane compounds, matched with our state of the art production capabilities and adhesion technology allows us to make the most dependable, longest lasting product in the market. Our Superior Cradles Rollers are produced with the highest quality and guided by ISO 9001 standards, which gives our customers a great product at a much more competitive price.

## Specifications and Work Load

Part#	Roller Size		Pipe Size		Load Rating	
	(in)	(mm)	(in)	(mm)	(lb)	(kg)
10CR02	3.25"x2.75"	82.55 x 69.85	6"-18"	152-457.2	1,410	640
10CR03	5"x4"	127 x 101.6	18"-36"	457.2-914	2,500	1134
10CR04	9.5"x8"	241.3 x 203.2	36"-60"	914-1524	6,170	2,798
